EXECUTIVE PLACEMENT REPORT

Batch 2023 – 2025

PLACEMENT OVERVIEW

The Final Placement Season for the Class of 2023-25 witnessed remarkable success despite a dynamic business environment marked by changing hiring trends, cautious market sentiments and evolving industry expectations. The Institute demonstrated strong placement performance through consistent recruiter engagement, increased industry participation and diverse career opportunities across sectors such as Banking, Financial Services, Consulting, Analytics, Insurance, IT, Real Estate, FMCG and Capital Markets.

The placement season saw the continued participation of several esteemed recruiters including Bank of America, Deutsche Bank, ICICI Bank, ICICI Securities, ICICI Lombard General Insurance, Motilal Oswal Financial Services, CRISIL, BSE Ltd., B&K Securities, Darashaw, JM Financial, Kotak Securities, Groww, BNP Paribas India Solutions, General Mills, GEP, FactSet, Deloitte, KPMG, Edelweiss, Trust, Anand Rathi Group, ICICI Prudential, Axis-related financial firms and many other reputed organisations, reaffirming their confidence in the talent pool of the Institute.

Students secured opportunities in varied functional areas including Investment Banking, Equity Research, Wealth Management, Corporate Banking, Insurance, Risk & Compliance, Consulting, Financial Analytics, Business Development, Technology Consulting, Market Research, Operations and Sales & Marketing. The placement outcomes reflected the students' adaptability, domain expertise and industry readiness developed through rigorous academic training, live projects, certifications, internships and industry interactions.

The successful completion of the placement season highlights the Institute's continued commitment towards strengthening corporate relations, enhancing industry-academia collaboration and preparing students to excel in a competitive global environment. Going forward, the Institute remains focused on expanding recruiter relationships, improving career development initiatives and creating greater opportunities for future batches.
