ABOUT US

Founded in 1995, N. L. Dalmia Institute of Management Studies and Research (NLDIMSR) was established on the vision of Late Founder Shri. Niranjanlal Dalmia. His dream was not only to impart knowledge but to nurture leaders of tomorrow, built on values of academic excellence and holistic development.

The Institute holds approval from the All India Council for Technical Education (AICTE) and has been accredited with an A+ Grade by the National Assessment and Accreditation Council (NAAC) in its 2nd cycle, along with the South Asian Quality Assurance System (SAQS) for five years, attesting to its academic excellence and infrastructure.

Its Post Graduate Diploma in Management (PGDM) programs and PGDM Finance holds accreditation from the National Board of Accreditation (NBA), ensuring the highest industry standards and is also approved by the Association of Indian Universities (AIU), making it equivalent to an MBA and empowering students to thrive in today's dynamic business environment.

NLDIMSR has also carved its place in the national academic landscape by hosting and becoming the fourth and the only non-IIM partner of the Indian Finance Association, joining IIM Ahmedabad, IIM Bangalore and IIM Calcutta for the India Finance Conference 2023.

Every program is thoughtfully designed to blend theory with practice, equipping students with skills essential for today's competitive world. The faculty go beyond teaching they mentor, inspire and guide the next generation of leaders.

In response to the evolving education landscape, the Institute offers Ph.D., Global MBA, Open and Distance Learning, Online Learning, PGDM for Working Professional and Management Development Programs.

Its infrastructure further reflects this commitment with South Asia's largest standalone Bloomberg Lab with 24 terminals, recognised as India's First Bloomberg Experiential Learning Partner. Through these Bloomberg initiatives, our students have achieved milestones recognised in the World Book of Records, Asia Book of Records and the India Book of Records, a state-of-the-art library, ICT lab, advanced learning-enabled classrooms and a well-equipped auditorium.

The Institute's placement record speaks for itself, with over 300+ corporate partners offering diverse opportunities. Beyond this, its true legacy shines brightest through its 8943 alumni excelling across the globe.

As it celebrates its glorious years of excellence in the educational landscape, NLDIMSR ranks amongst the top B-Schools and continues to set new benchmarks, establishing its place as a centre of excellence.

HON. SECRETARY'S ADDRESS

Management education has always shared a close relationship with industry. As organisations continue to evolve, institutions must prepare professionals who bring not only knowledge, but also integrity, adaptability and the ability to contribute in an ever-changing business landscape.

For over three decades, N. L. Dalmia Institute of Management Studies and Research (NLDIMSR) has remained committed to creating a learning environment that reflects these expectations. Strong academic foundations, experiential learning, industry engagement and a culture of continuous development come together to help our students grow into responsible professionals.

Today's organisations seek individuals who can think critically, analyse complex situations, collaborate effectively and make informed decisions. At NLDIMSR, our students are encouraged to develop these qualities through research-led learning, corporate interaction, leadership opportunities and experiences that extend beyond the classroom. This approach equips them with the perspective and professionalism expected in today's workplace.

The valued relationships we share with our recruiters, alumni and industry partners continue to strengthen our Institution. Their trust and engagement help us remain aligned with industry expectations while creating opportunities for our students to build successful careers.

I extend my sincere appreciation to our recruiters and corporate partners for their continued confidence in NLDIMSR. We look forward to strengthening these partnerships and introducing you to a cohort of talented graduates prepared to bring knowledge, professionalism and a strong sense of responsibility to your organisations.

Warm Regards,

Mr. Shailesh Dalmia

N. L. Dalmia Educational Society

VICE PRESIDENT'S ADDRESS

Education today transcends the boundaries of textbooks, classrooms and conventional methods. Knowledge is no longer confined within four walls or hidden behind barriers; it is accessible, democratised and ever-evolving. What truly sets individuals apart is not just information-but the ability to apply it with creativity, leadership, ethical values and a spirit of innovation.

At our Institute, we believe in the continuous process of learning, unlearning and relearning to stay relevant, responsible and remarkable. The PGDM journey is designed not just to impart skills and knowledge, but to shape minds that can think critically, adapt swiftly and lead confidently. We encourage our students to go beyond the curriculum, to engage deeply with real-world challenges and to develop capabilities that make a tangible difference-to their careers, to their organisations and to society at large.

We remain committed to providing our students with an environment that encourages transformation over the two-year PGDM journey. This means not just teaching but enabling-through cutting-edge pedagogy, a strong emphasis on experiential learning and exposure to the latest industry trends. From immersive classroom experiences and skill-building workshops to live projects, simulations and industry interactions, we ensure that every student is prepared to meet the evolving demands of the professional world.

Our collaborations with corporate leaders, industry experts and global thinkers bring invaluable real-world perspectives to our campus. Join us and experience the difference-where education is not measured by what you know, but by who you are prepared to become.

Warm Regards,

Mr. Mudit Dalmia

N. L. Dalmia Educational Society

CEO AND ACTING DIRECTOR'S ADDRESS

Greetings from N. L. Dalmia Institute of Management Studies and Research.

At N. L. Dalmia, our commitment to excellence in management education is deeply connected with our dedication to social responsibility. We believe that true leaders are those who understand the world's challenges and use their knowledge and skills to make a positive impact.

We offer a holistic approach to education, integrating knowledge, values and practical skills to shape well-rounded leaders. To ensure a global perspective, we have established partnerships with top academic institutions worldwide, enabling collaborative research and learning.

By inviting distinguished faculty and renowned corporate leaders from diverse sectors, we offer our students unparalleled insights into the ever-changing business landscape. These experiences help our students build the critical thinking and cross-cultural understanding necessary to thrive in today's globalised world.

I cordially invite you to discover the excellence in education that defines N. L. Dalmia Institute of Management Studies and Research.

Warm Regards,

Dr. Seema Saini

N. L. Dalmia Educational Society

MEMBER OF MANAGING COUNCIL ADDRESS

At N. L. Dalmia Institute of Management Studies and Research, we are deeply committed to nurturing our aspiring students to become responsible global citizens and transforming them into industry-ready professionals and mindful leaders who, with their innovative mindset, can drive positive change and growth in society.

Over the years, we have had an impressive journey of progress and growth and have built a proud legacy of academic excellence, holistic development, and societal contribution that stems from charismatic academic leadership, highly competitive students from diverse cultural backgrounds, a faculty deeply dedicated to teaching and research, and world-class infrastructure tailored to provide optimal learning experiences. It is our people, values, and ecosystem that continue to make the real difference.

We take pride in our robust industry-academia partnerships that keep our pedagogical approach relevant and dynamic. Our curriculum is meticulously designed to bridge the gap between theoretical knowledge and real-world application through rigorous case studies, summer internships, live projects, and industry mentorships.

Our approach has always been to equip our students with new-age skills, adaptability, and strategic foresight to navigate and thrive in a rapidly evolving corporate landscape, while grounding them in empathy, ethics, resilience, integrity, and impact.

Warm Regards,

Dr. Ramesh Bhat

BLOOMBERG

N. L. Dalmia Institute of Management Studies and Research is among the top business schools in India and has South Asia's largest standalone Bloomberg Finance Lab, equipped with 24 Bloomberg Terminals. As a part of the Bloomberg Experiential Learning Partner (ELP) Program, the lab provides students with hands-on exposure to global financial markets, preparing them for careers in Banking, Investment Management, Broking, Investment Banking, Asset Management, and Corporate Treasury.

To further enhance experiential learning, students are provided opportunities to visit Bloomberg's Global Office in Dubai as well as its India Headquarters in Mumbai, gaining first-hand exposure to the global financial information ecosystem.

Recognised by the World Book of Records, London, the Institute hosted a record-breaking 15-hour continuous live stock market training session on its 24 Bloomberg Terminals (2nd October - 3rd October 2023). To further enhance practical learning, it also organizes an Annual Overnight Trading Challenge, giving students hands-on, real-time market trading experience in a simulated professional environment.

The Institute offers globally recognised Bloomberg certifications,

- Bloomberg Market Concepts (BMC)
- Bloomberg Financial Fundamentals
- Bloomberg ESG (Environmental, Social and Governance) Certificate
- Bloomberg Spreadsheet Analysis Certificate

Key Achievements

1. Ranked 1st among 1,500 participating organisations in the Bloomberg Quiz conducted on 31st March 2026, becoming the only educational institution to secure the top position.
2. Achieved Global Rank 28 and All India University Rank 2 in the Bloomberg Global Trading Challenge, competing against 2,400+ teams from across the world.
