Subject: Program in Investment Banking

Dear Sir,

We do get Investment Banking opportunities from Citi group, AK Capital, Accuris and Elara capital. Hence we need to prepare students for thjis profile. Like last year we will be doing special value added Program in Investment Banking for the students.

Faculty : Prateek Soni our alumni at Deloitte who has more than 5 yeras experience in Investment Banking at Citi Group.

Duration : 30 Hours

Total Charges : Rs.45,000/- (We will be paying @ visiting faculty rate of Rs.1500/- per hour)

Timing : Sunday 10.00 am to 2.00 pm

Around 60 to 70 students have shown interest. We will give this program to interested students and cost will be born by the students. (about Rs.750/- per student.)

Program will commence from 28th July,2019.

Submitted for your approval please.

Certificate Program in Bloomberg Analyst

Introductions:

Universities, colleges and corporates around the globe use Bloomberg to bring the real world of finance into the classroom, providing students with access to the same information platform used by leading decision makers in business, finance and government.

The Bloomberg Professional service and Bloomberg Terminal seamlessly integrate the very best in data, news and analytics. The Terminal is a 24-hour, global financial services system that provides transparent and reliable financial, economic and government information covering all market sectors. It features company financials, market data spanning more than 20 years, charts, statistics, a communications platform and current news reports.

This course is intended to provide an overview of the Bloomberg Professional service so you can get started using this powerful tool.

The goal is aimed at to imbibe and enhance the following skill sets:

1. Exposure to Global Markets
2. Enhancement of technological skills
3. Peer based learning
4. Experiential Learning (Learning by Action and Application) Hands on Experience working on Bloomberg terminal.
5. Investment strategy and technical analyses

1. Course Overview

Universities, colleges and corporates around the globe use Bloomberg to bring the real world of finance into the classroom, providing students with access to the same information platform used by leading decision makers in business, finance and government.

The Bloomberg Professional service and Bloomberg Terminal seamlessly integrate the very best in data, news and analytics. The Terminal is a 24-hour, global financial services system that provides transparent and reliable financial, economic and government information covering all market sectors. It features company financials, market data spanning more than 20 years, charts, statistics, a communications platform and current news reports.

The Bloomberg Terminal brings together real-time data on every market, breaking news, in-depth research, powerful analytics, communications tools and world-class execution capabilities — in one fully integrated solution.

Up-to-the-minute access to the news that matters, that moves markets and that changes the course of a business can make all the difference. News is reported when it happens, from where it happens. With more than 2,700 news professionals in 120 countries, Bloomberg's award-winning coverage of companies, markets, economies, politics and governments ensures that you get the information you need when you need it most.

Bloomberg has a broad range of research offerings including direct access to sell-side and independent research from more than 1,500 sources, as well as proprietary, analyst-driven research that provides a comprehensive view of industries and their key constituents with unsurpassed depth and breadth at the sector, industry and company levels. This course is intended to provide an overview of the Bloomberg Professional service so students can get started using this powerful tool.

N.L.
