Dear All,

In pursuance of the Mentoring Program, a training on the underlying concepts and the process to use the module in LMS, has been arranged for Thursday, June 17, 2021 at 11:00 am at the MDP room.

I assume an hour's time should be appropriate for the same.

Kindly make it convenient to attend.

Best Regards,  
Tapas

**Subject:** Mentoring Program at NLDIMSR

Dear Respected Colleagues,

You may be aware that NLDIMSR has embarked on a Mentoring Program for all PGDM students. This program is founded on the principle of providing general guidance to the students throughout their association with us until completion of the PGDM Program.

The primary need for this program to be successful is the connect between the mentor and the mentee. The connect will ensure that the progress of the mentees is tracked from time to time and results are compared with plan and corrective actions taken. It is expected that this process of continuous guidance will work for the mentees to attain milestones proactively over time and their overall individual objectives finally, with the completion of the course.

Guidance will need to be structured, and effectiveness of program will be tested in students' achievements. There will be a two-way communication between the learning objectives of the PGDM program undertaken and its effectiveness towards the academic and professional development of students.

The Mentoring Program is designed to operate in a framework that focuses on learning delivery in bridging skill deficits in the areas of academics, professional development and career guidance.

This program will be fully supported by our Learning Management System (LMS) as "Mentoring" module.

The Mentoring module will cover the following.

1. access of data pertaining to mentees - attendance, marks, qualifications, faculty comments/ratings, etc.;
2. conducting meetings and keeping records of such meetings;
3. mentor's ratings for each mentee;
4. SWOT of a mentee and its progress;
5. assigning tasks and their status;
6. comments by the mentor on mentees general progress from time to time;
7. faculty ratings; and
8. reports showing important data points for the overall progress of the mentoring program under a particular mentor as well as the mentees under him/her.

While the Mentoring Module in LMS is ready with all the items 1 to 7, work on item 8 is underway. Some summary reports will be done shortly, while others can be developed with additional inputs from the use of the module by all of you.

I attach the list showing mentor-mentee mapping for those students who will be sophomores (2020-2022 batch) under the PGDM Program, come July 2021. Allocation of students to each mentor has been done keeping in mind equitable distribution for gender, mix of specialisation and the total number of mentees.

It may be noted that the attached mapping is uploaded in the LMS and the mentors will be able to find their mentees in the system for them to begin using the Mentoring Module.

A training on the Mentoring module in LMS will be conducted soon.

In addition, the mapping of the students (freshmen) beginning the PGDM Program in the new academic year, will be completed by June 25, 2021. Please expect a further communication in this regard immediately thereafter.

Best of luck,  
Thanks and regards,  
Tapas

Dear Colleagues,

Further to my email dated June 10, 2021 and the launch of the above program on June 17, 2021, I wish to inform that allocation of new students - batch 2021-2023 to mentors has been completed based on the numbers of admitted students in place as on date. Admissions are open and more students are expected to be on board in the near future.

The allocation process considers a maximum of 9 students of this batch for each mentor. As the total number of students change, the allocation will be revised with adjustments (addition or deletion as the case may be) to those mentors who carry less than 9 mentees from this batch at any given point in time.

The mentor-mentee mapping for this new batch of admitted students is uploaded in LMS and can be found for the Academic Year 2021-2022.

Attached is an excel file carrying the mapping for the new students for reference.

Hope you have a great experience in mentoring.

Best Regards,  
Tapas

**Mentee Summary**  
**PGDM**

Sr. No.	Class-Division	Mentor	GR No.	Mentee Full Name	Objective	Strengths	Weaknesses
1.	First Year -A	Dr. Baisakhi Mustaphi	PG21220065	Dumbhare Anant Dr. Anil	My objective after completing PGDM is to get into an financial institute wherein I can use my technical skills to solve the real life problems. On the same lines I am pursuing Actuaries and wish to use that knowledge at my workplace. Over the long term I would like to become a Fellow member of Institute of Actuaries India. I also want to be a good public speaker and would love to help and guide students in the future as that will bring me the sense of satisfaction and accomplishments.	In my opinion my strengths are that I am always optimistic and positive, it helps me a lot to cope up with various situations. I always tend to plan future goals which I want to achieve in the particular age of my life. I am an ambivert and so take a little bit of time to gel up with people but once done with that phase I become very close to people very quickly and become the go to guy.	Talking about my weaknesses I believe I am not very good at fluent communication and need to work on my presentation and communication skills. (Want to be fluent in English, which would leave an impact just by my talking). I have a stage freight and want to improve that eventually and be confident while speaking in front of a large audience. I am also an overthinker which sometimes might lead me to waste time on unnecessary things and lower my confidence.
2.	First Year -B	Dr. Baisakhi Mustaphi	PG21220104	Joshi Tanmay Keshav	To earn new things and to develop skill-set to achieve goals,to have financial and mental stability in life,to get a good job.
