CHAIRMAN'S ADDRESS

We live in a challenging world brimming with technological, social, virtual and economic innovations. Education imparted in academic institutions actively enables students to cope with the rapid, changing world around them by disseminating knowledge and values which will certainly mould the leaders of tomorrow. It has been my philanthropic father, late Shri Niranjnlal Dalmia's vision and dream to create an educational institute that encourages the imparting of knowledge and wisdom, rather than just good academic results. We, at N. L. Dalmia Institute of Management Studies & Research, strive to emulate his ideas and work towards realizing his dreams of imparting high-quality education and empowering our students to write their individual success stories.

I trust our students to rise as winners in this competitive world and embark on a journey to become ideal Indian citizens while preserving our values and shouldering the responsibilities of life with confidence, impeccable character and a discerning judgement.

Warm regards,

L. Dalmia[®] Educational Society

The N. L. Dalmia Institute of Management Studies and Research established in 1995, enjoys a stellar reputation in business and management circles. When we started in 1997, we were ranked amongst the top 700 B-Schools all over India. Now, we are amongst the top Institutes in Mumbai. Good leadership facilitates individuals, companies and industries to think differently about how to do business for the benefit of the stakeholders and the society. It transforms behaviour, creates new opportunities, inspires decisive action, motivates excellence and represents the best of essential leadership skills.

Quality leadership begins with an idea that is communicated and embraced by others. At our management Institute, we train students to think independently and nurture ideas. This process results in grooming the future leaders. When this exercise is driven by values and ethics, it shapes young students graduating from our business school with leadership qualities that will go a long way in building a civilized, prosperous and progressive society.

I welcome you to our Institute.

Warm regards,
Shailesh Dalmia

At NLDIMSR, our aim is to strive for excellence as a continuum and provide students with quality management education with global outlook and social conscience. At the core of this endeavour are the Indian ethos and values. So, our budding managers and leaders are firmly grounded with their minds open to the latest developments and ideas of the contemporary world. MEMORIAL LECTURE

Memorial lectures are a source of pride and honour for any institution and to celebrate this event in the memory of our Late Founder Shri. Niranjantalal Dalmia, is always an awaited one. In the wake of rapidly rising India, that is redefining the rules of the business game, this year, we were honoured to have Mr. Dilip Piramal, Chairman and Managing Director, VIP Industries Ltd, as our guest and speaker for the lecture. Mr. Dilip Piramal, a leader par excellence, a strong believer in the nation's potential, spoke about "Changing status Quo". The memorial lecture was inaugurated by Mr. Shivkumar Dalmia, Honorary Chairman N. L. Dalmia Educational Society (NLDES), Mr. Shailesh Dalmia, Honorary Secretary, NLDES, Ms. Seema Saini, CEO, NLDES and Dr. Dinesh Hegde, Dean Academics, NLDIMSR, with the lighting of the lamp. With a brief introduction about the history and legacy of NLDES by Ms. Seema Saini, and a welcome by Dr. Hegde, the stage was all set for Mr. Piramal. Mr. Dilip Piramal gave a thoroughly stimulating master class on more than half a century of journey of marketing, branding, and managing VIP Industries in turbulent times. He spoke about all the innovations and disruptions that were brought about by VIP bags through these years. The lecture was enlightening for the students as Mr. Piramal demonstrated how VIP bags changed its perception from being an "aging brand" to a "youth product" through advertisements over 3 decades, and an introduction to Skybags. He also spoke about how the economic policies of the country have an effect on all the decisions that need to be taken by an organisation. The enthusiasm thus created for the subject, culminated in a highly interactive Q&A session that completely engaged the audience, and the vote of thanks by Dr. Anil Gor, HOD Department of Finance and Chairman Placements.

The most vital committee of our institute, the placement committee (PlaceCom), serves every student of NLDIMSR in their holistic development and placement requirements. Acting as an all-round support to the leaders and guides, Dr. Anil Gor (HOD Finance and Chairman Placements) and Ms. Sajita Pradeep (Manager, Corporate Relations) are glad to introduce the Student Heads of PlaceCom; Hersh Patel, Omkar Varadkar, Rutuj Karandikar, Alifiya Nasikwala and Aparna Kulkarni assisted by student members of the PlaceCom Palak Lapasia, Gauri Bhate, Shimoni Timbadia, Khushboo Surana, Kushal Kabra, Shreya Ranka, Manaswi Mulchandani, Aashna Thawrani, Vallabh Hayatnagarkar, Avnish Yadav, Dhruvin Jani, Komal Modani, Riddhi Gandhi, Ruchi Agrawal, Shreya Kulkarni, Shreya, Sughosh Deshpande, and Shrishti Thorat. The 2 months' summer internship process for 1st year students starts every year in September, in which students are rigorously trained to bring out their best, followed by the final placement season for the final year students. Our endeavour is to not only connect the right talent to the right job, but also train them to be an apt match for the same.

ALUMNI COMMITTEE

Known as the Alcom, it works for and in association with the alumni, who is the institute's integral part. It tries to keep the alumni connected to their alma mater with the help of an annual alumni meet. Since our alumni is involved with the institute right from admissions to the placements and are willing to walk an extra mile for us, we try to express our gratitude to them using this platform. The meet is an occasion of fellowship and nostalgia where the alumni reunite with their peers, seniors, juniors and professors. These meets also give a chance to the current batch of students to network and gain insights about the corporates and different industries from our senior alumni. Alcom aims to further strengthen the bond between them and pass on their valuable experiences and achievements to inspire the present batch.

MSR – MY SOCIAL RESPONSIBILITY

A social initiative started by the NLDIMSR students of 2011 batch, to provide an opportunity to students of the institute to help the needy and the underprivileged sections of the society. The students of the Sparsh (MSR) Committee, have organized various drives like distribution of educational kits to needy students, 'Joy of Giving' week, with the funds collected from the faculty. The proceeds are donated to various NGOs in Mumbai. Kondgaon Utsav – an event wherein the villagers from Kondagaon were given the institute's premises to sell organically grown vegetables, Warli painted handicrafts and pottery products with live demo were sold at reasonable prices to the institute's students and staff. The event closed with a thanks giving lunch to participating villagers by MSR student volunteers and the parting traditional 'Therpa' dance performed by the villagers along with our students. In November 2016, a heartfelt need to work on a larger canvas and work for the holistic development of a tribal village was acknowledged. Therefore, in December 2016, NLDIMSR adopted Kondgaon Village in the Vikramgad Taluka of the Palghar District, a 100% tribal village with 3500 people, to empower and develop it. Many interventions in health and sanitation, education, environment, skill development and women and child welfare that have been planned by the students under the guidance of a senior faculty member, are being implemented by them as a part of their experiential learning. Medical camps, tree plantations, spreading awareness about using toilets and efforts to reduce open defecation are undertaken. This collaboration is expected to serve the twin purpose of touching and enriching the lives of the people in this village as well as providing valuable rural exposure to the MBA students of our institute through its social responsibility program.
