At such a time, education imparted in academic institutions is immensely crucial as it actively enables students to cope with the rapid, changing world around them and learn the necessary skills and values which play a critical role in their success. Continuing the journey commenced by my philanthropic father, late Shri Niranjantal Dalmia's vision and dream, we at N. L. Dalmia Institute of Management Studies & Research, strive to work toward realizing his dreams of enabling students to obtain high-quality education and empower them to write their individual success stories.

I trust our students to rise as winners in this competitive world and embark on a journey to become model citizens for this great nation while preserving our values and shouldering the responsibilities and facing the challenges of life with confidence, impeccable character and a discerning judgement.

Warm regards,  
***Shivkumar Dalmia***

N. L. Dalmia Institute of Management Studies and Research established in 1995, enjoys a stellar reputation in business and management circles. We have come a long way from 1997, to becoming one of the most prestigious institutes in the country. Our prime focus as a B-school remains to help students inculcate leadership skills, values and core competencies that enable them to climb up the ladder of success, and in hindsight, help businesses prosper for the benefit of the stakeholders and the society.

Leadership begins with an idea that brings everyone together to work towards a common goal. At our management Institute, through various learning modules, we enable students to work and lead in cross cultural teams, wherein they attain first-hand understanding of the challenges faced, and the key to leading such teams. When this exercise is driven by values and ethics, it shapes young students graduating from our business school with leadership qualities that will go a long way in building a civilized, prosperous and progressive society.

I welcome you to our Institute.

Warm regards,  
**Shailesh Dalmia**

# MESSAGE FROM PLACEMENT'S DESK

Warm Greetings from N. L. Dalmia Institute of Management Studies & Research, Mumbai !

We are functioning at this unusual time of pandemic which has compelled us to think 'out of the box' in-order to meet the current challenges. However, on behalf of the institute, I offer my sincere appreciation for the support of our placement partners as well as our alumni without whose support it would have been difficult to manage summer internship and placements for all our students.

The challenges of this uncertainty call for new capabilities and therefore, our students are undergoing contemporary modules in Finance : Credit Rating and Appraisal and Risk Management by Credit Rating, Certified Credit Research (CCRA), Alternative Investment (AIF) programs of Association of International Wealth Managers of India (AIWMI) in addition to CFA and FRM, in Marketing : Digital Marketing, Story Telling with Data, Marketing Metrics and Audit along-with simulation programs like Markstrat. Workshops on Sales and Negotiation as well as Design Thinking and in Human Resources : Executive coaching, Introduction to NLP, Simulation on Talent Acquisition and Psychometric assessments to keep them updated with the contemporary practices and equip the students with new skill sets required.

It is certainly a matter of immense pride that the institute has been receiving continuous positive feedback from the corporate houses, that our alumni are excelling in their performance and taking their respective organizations to greater heights. The fact that most of the recruiters keep visiting the campus year after year to recruit our students, both for summer internship and final placements, itself is the proof of the trust and confidence of the corporate houses in us. It gives me immense pleasure to mention that our placement partners actively join us in all our activities right from selecting candidates for new batch to complementing our efforts by visiting the campus for delivering the guest lectures and highlighting current Industry practices. We immensely value our relationship with you and find pleasure in keeping constant touch with you. We are grateful to you for your support, which helps us to excel in our job as academicians and meeting your expectations.

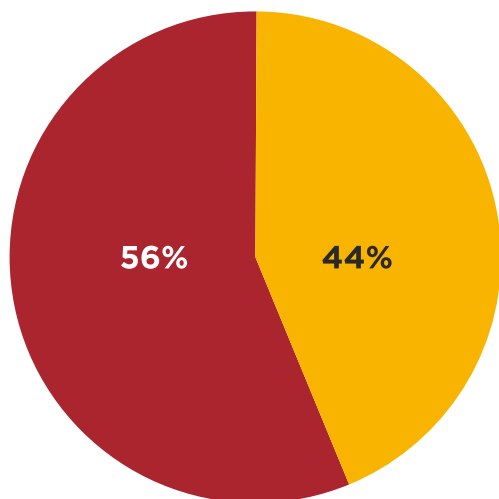

We invite and welcome all the leading business houses of the country as well as overseas to offer placement opportunities to our students. We are equipped with the required infrastructure for conducting Personal Interview, Group Discussion and Tests etc on a virtual platform. Once again, I would like to thank you for your continued support and proactive inputs without which we could not have reached where we are today in this dynamic and competitive world.

# MEMORIAL LECTURE

Memorial lectures are a source of pride and honour for an institution. Every year, we celebrate this event in the memory of our Late Founder Shri. Niranjanlaji Dalmia. At the heart of this event, is a reminder of the vision of our Founder of providing quality education. 'Babuji' as he is fondly called, came from a very humble background but he still had the drive to be in school and be educated. Every year, we invite industry stalwarts with the purpose of interacting and educating our faculty and students on major shifts in the industry and inspire them to do more.

In wake of the rapid digitization, and how businesses are adapting to the changing business landscape, this year, we were honoured to have Mr. Anil Nair, Managing Director, CISCO (Country Digitization), as our guest and speaker for the lecture. Mr. Anil Nair, a leader par excellence, spoke about, 'The Digital Transformation Imperative'. This year, the event was held at the Taj hotel, Santa Cruz on Saturday, 22nd February 2020 and was inaugurated by Mr. Shivkumarji Dalmia, Honorary Chairman N. L. Dalmia Education Society (NLDES), Mr. Shaileshji Dalmia, Honorary Secretary NLDES and Mrs. Seema Saini, CEO NLDES with the lighting of the lamp.

Mr. Anil Nair gave a thoroughly gripping masterclass on how CISCO is involved with the government and industry leaders in accelerating national digital strategies, driving GDP growth and building innovative ecosystems. He started his lecture by talking about our country's current situation, the outlook set by our Prime Minister Shri Narendra Modi to attain \$5 trillion economy by 2024. The lecture was enlightening for the students as Mr. Nair demonstrated how the government has created a national infrastructure pipeline and spoke in detail about projects in key sectors as agriculture, manufacturing, healthcare, and education.. The enthusiasm thus created for the subject culminated in a highly interactive Q&A session that completely engaged the audience.

In the past we have had prominent guests like:

- Dr. Jayant Narlikar (Padma Vibhushan, Renowned Astrophysicist)

## MSR – MY SOCIAL RESPONSIBILITY

A social initiative started by the 2011 batch students of NLDIMSR, it endeavors to provide an opportunity to students of the Institute not only to express their concern for the needy and the underprivileged sections of the society but also sensitize themselves to the realities of the rural population since India lives in its villages. The programme which was first named as 'Sparssh' (A healing Touch) was later re-named as 'My Social Responsibility' (MSR) Programme since we believe that social responsibility begins with the individual and the students as future corporate leaders should internalize this value of social responsibility and own it. Though in the initial years the 'Sparssh' Team conducted blood donation camps, participated in Mumbai Marathon to raise environmental awareness, provided educational kits to the needy children and organized Christmas/New Year get-togethers in various orphanages; in 2017 the Institute under its MSR programme adopted Kondgaon, a 100% tribal village in Palghar district for its all-round development. My two years at N. L. Dalmia gave me an opportunity to hone my leadership and general management skills. Strong focus on academics continued with practical exposure through guest lectures, events, mentor's sessions helped me to build a great foundation for my professional path. Grateful to the Institute and faculty members for helping us imbibe a strong value system which eventually defined my approach towards my professional path.

SENIOR MANAGER - HUMAN RESOURCES  
UPL limited  
2011-2013 Batch

I was part of N. L. Dalmia's maiden HR program completely dedicated to Human Resources. I was blessed with good faculty who were always available when guidance was needed. NLDIMSR is located in the suburbs of Mira Road, which is away from the hustle & bustles of Mumbai and has all the amenities and facilities to make your mark in the professional world. I would like to thank the institute for establishing my fundamentals of Human Resources by creating a pedagogy of the latest trends and practices in the industry. My conceptual understanding, I surely owe to the faculty and this institute."

HR BUSINESS PARTNER  
Amazon Development Centre India Ltd  
2011-2013 Batch

N. L. Dalmia has shaped my personality in many ways. I learnt the best of HR subjects from amazing faculty members and the overall ecosystem helped me in becoming a better person. When I entered the industry to start working, I already had a head start in HR concepts, thanks to the specialised HR batch. Additionally, we were provided with well rounded development through assessment centres, IR case laws, personality development camps, college festivals, national level paper presentations and multiple sessions by industry stalwarts. I feel proud and grateful to have been associated with this institute. The conceptual and life learnings have shaped my career and more importantly my personality.
